

# 2 Mini Fridges

Location

**Wisconsin**<https://www.genclassifieds.com/x-784504-z>

QR Code Link to This Post I am getting rid of my two mini fridges. They both worked last year, the last time I plugged them in. We have no use for them any longer. FYI, as we haven't used them, there is a bit of a smell inside, but some soap and water should clean that right up. Free to anyone who can come remove them from my basement. Choose one or both, just let me know when you.
