QR Code Link to This Post I am looking for a licensed electrician to do work in my house in Riverside. I'm hoping to find someone who I can call for simple jobs, as well as doing the electrical work needed for my upcoming kitchen and bathroom remodel. I realize that many electricians don't want to do work that may take only an hour or so. I want to be able to have your name and number on my speed dial for any work that comes up.

For example, we have an outdoor outlet that for some reason is no longer working. I would love to have that replaced ASAP. My kitchen and bathroom remodel will be next March and I would like to have the same person handle all electrical for that, as opposed to someone a contractor may hire.

If you are interested in the work, please contact me and give me an idea of your rates for large jobs as well as small ones. Thanks!
