QR Code Link to This Post I am looking for female models for an art project that I am paying for out of pocket. This is not a commercial project.

I need nude models for landscape-style shots, but this is not sexual content, just nude.

Your face will not be used and the shooting environment will be professional and you will be treated with respect. This is not for adult themed pictures, but art photos.

I can afford \$35 an hour. I can pay \$25 an hour for select models in nearly nude if that is more comfortable. I value my professional reputation and demeanor and hope that models will recommend working with me after the shoot.

Posing isn't especially difficult & experience isn't required. Fitness is a plus but all body types are welcome. I have male models lined up already and don't need more at this time but I am willing to hear from men who want to be contacted later if shooting slots open.

Please email with any questions. Sending photos is helpful. We can also work on TFP and I am willing to shoot portraits or other styles for those who want to be pure collaborators. Questions? Email and.
