QR Code Link to This Post I specialize in hand drawn sketches.

Treat a friend, a loved one or yourself to a pencil sketch in any size.

A person from one photo, a child from another and a background yet even from another photo can all be coupled to make one beautiful sketch that will last for generations. It is a perfect gift for the holidays or special occasion.

Send me a photo and I will turn it into a work of art.

My rates are very affordable and competitive and payment plans can also be worked out and arranged.

For further samples please have a look at my full online portfolio at
