QR Code Link to This Post Hi I'm Steve I teach Guitar and Ukulele  
Getting your school age student started in our lesson program is easy!  
With flexible hours and Day time hour for home school.  
I also work around sports, and other activities.  
My lesson program was Created to help encourage confidence, good practice habits,  
and a desire to excel!  
Lessons are kept fun with songs and a curriculum to fit their needs.  
Students receive a solid foundation and understanding of the instrument, and musical styles. Giving them the ability to play at their desired level.  
Teaching locally in Marysville, and Everett since 2002, I have helped students of all ages achieve their musical goals with an easy to learn method.
