QR Code Link to This Post Hello, I know this is a long shot but I'm looking for my cat Kaleo. I had to give him up back in February/March due to a bad living situation and it was honestly the most heartbreaking thing I have ever had to do as I had him in my care since the day he was born. I am reaching out to see if the family that has him would be willing to let me bring him back home, as I am now in a much better situation and honestly if I had known things would turn out this way I would have tried to find someone to watch him temporarily for me, I'm willing to drive to you and pay you \$150 for him back. I don't care about his supplies or anything I'm willing to pay what it takes to have him back. And if you're not willing to do that, which I totally understand, if I could at least have an update on how he's doing ? Or if anyone knows the family that has him. I believe they said they drove from Olympia to pick him up from me. He's a mostly white male cat with dark markings, he just turned 3 on August 19th. Please any info on Kaleo is appreciated! Thank
