QR Code Link to This Post 1994 Bobcat 753 Skid Steer - 3100hrs. Single speed travel, Manual quick attach, Standard hand/foot controls. Standard flow auxiliary hydraulics, Working preheat, 10x16.5 tires. Has 3 factory sliding windows and 1 Lexan stationary window plus a brand new vinyl door. Loader starts, runs and operates as it should. The battery is a bit weak and probably due for replacement. The bucket pins are stuck shut and I don't have the time nor means to unstuck them so the tooth bucket shown comes with it and I have adjusted the asking price accordingly. It just had a fluid and filter service so you can put it right to work.

Specs: 40hp Kubota diesel, 1300# safe operating (without counterweights), 2600# full lift capacity.

\$9,400 with tooth bucket. I have a few used smooth buckets available. I also sell new pallet forks, standard buckets, augers, grapples, snow buckets, snow pushers and other attachments and accessories. Local delivery and assistance with shipping to the lower 48 states is available.

Call Scott @ 605-228-9350 for more information. (To see my other listings, click on the 'more ads by user' link at the right side of this...)
