

SHEEP for Pet (weed control) or Butcher (200, USD)

Location

South Dakota

<https://www.genclassifieds.com/x-784907-z>

QR Code Link to This Post We have a very friendly St. Croix Ewe that is 2 years old. She is NOT skiddish around people. She has a very sweet and gentle personality. She cannot breed due to low milk production but would be a great addition to a farm to help with weed control. She weighs around 200 lbs and would also be a great meat supply. Please email if you have anymore questions :) thank you,
