QR Code Link to This Post Many people are unaware that free dental care is available in most areas of the country! Now it may not be easy to find, but if you or a family member need dental services, it's certainly worth some effort to find! Your county health department may be able to help you. There are also internet sites such as: <http://free-dental-care.xyz> that provide information on how to locate free dental sources in your area!

Low cost dental care is also more readily available than people realize! Some dentists advertise in local and neighborhood publications new patient packages including an exam, x-rays, and cleaning for as low as \$39.00, and are willing to provide additional services at reduced rates if asked. So don't be shy about asking a dentist about reduced rates! So since free and low cost dental services are available, there is no reason you and your family should not get the dental care they may!
