QR Code Link to This Post This is a 2005 Chevy Avalanche 1500 LT 2WD with the 5.3 vortec. It has 190,000 miles on it and is a daily driver of 15 miles per day so it will go up. This is a very solid truck and well taken care of. Loaded with everything but GPS, has leather, moonroof, nose surround sound, electric and heated everything. Only thing wrong is it has a dent about the size of a lemon on the tailgate in corner. I am only looking to trade into another quad cab truck, excursion or large.
