QR Code Link to This Post Homemade wall art. Lion, giraffe, alligator with bird, and elephant, made with fabric, buttons, and paper in a white frame with ribbon to hang them with or they have stands to sit. All are 8x10s. My little boy loved it but has now moved on to superheroes so we are ready for someone else to love them. Crib or toddler bed bedding to match (1 blanket, 2 sheets one plain and one printed, 4 bumper pads two long and two short). \$20 for everything. I also have a play yard in a zoo pattern for sale for \$10. It is easier for me to respond to.
