We currently have properties for sale out there for investors and owners of the real estate and renting them as well. I need an investor or partner who can help me build these properties before the market changes. I am an investor and I am doing all the work. Instead of hiring contractors we are paying our people \$20 per hour plus materials and this will save us lots of money on each project. If you become my partner you won't pay any management fees saving 10% on management.

Let Us Manage your Portfolio for you! Hassle free property management Services!
