QR Code Link to This Post Hi!

My yard is out of control and I need some help. The grass is tall and needs to be cut, there is junk (old furniture, etc.) that needs to be hauled off and trashed, and there are a couple of trees that need to be cut down and hauled off. You would need to bring your own truck and tools because I don't have any of the necessary equipment to get this done. You might also consider bringing a helper or two - some of the stuff to be hauled off is big and/or heavy (sofa, bed, etc), and I'm not able to help. I would like to have this done before Christmas if possible, but definitely before the end of the year.

If this is something you think you are capable and equipped to do, please text or email me! Please don't call - I can't answer the phone at work - but I can text. I can give you more information about the location and specific work that needs to be done, and we can talk price. I would prefer to pay via venmo or paypal, so bonus points if that's cool with you. Thanks so!
