QR Code Link to This Post It's the middle of the holiday season and everyone could use some extra cash. I represent a company looking for unwanted g mail accounts that have history on them. There are a few requirements, but if you ever used your account actively they shouldn't be hard to meet:

- 1)You must be 18 years or older
- 2)You must live and primarily have used the account in the USA
- 3)Your account must be at least 1 year old
- 4)Your account should have about 500 emails at minimum
- 5)Your account must be in good standing with google ad words

If you think you meet those conditions, you can send us an email to get started. If you have personal information like contacts or sensitive emails, you can clear it all out. We won't be combing through your inbox, we just need the account to sign up to ad.
