I can give you top-shelf, fully professional sounding mixes for ONLY \$60 per song. No hourly rates.

Just DropBox or email (WeTransfer, etc.) your stems or separated tracks (make sure they are zeroed out) and I will bring your tunes to life!

I'm a full-time professional musician (touring, studio, songwriter/production), I've had several songs in TV/Film and believe audio quality is key. No compromise.

Super quick turn-around time. Not finished until you are satisfied!
