QR Code Link to This Post We are looking for homes for our babies. Now homes must must have a fenced in yard and room for these babies and since they are small babies also indoor homes are preferable. They are just 6 weeks old and super wrinkle lol. They are eating dog food hard now and it doesn't need to be soaked at all now. These pups are pad trained as I have put endless hours into pad training them. They went to the vet yesterday and got their first round of shots. More is needed in 3 weeks. Loving families who could provide great homes contact me anytime to give them a great home. \$160 rehome fee to loving homes
