Our floor is made of marble will look new, vibrant and you can save thousands of dollars a year for our customers by simply replacing and renovating their ground. Instead of replacing their entire floor or bathroom.

Our method of cleaning tiles is so perfect, through years of trial and error. I have built my trust in my colleagues are the best in the business. What we do and what we do is an art everything done by hand by our craftsman who have all been in the business for 5yrs+ they are committed to your satisfaction, realizing that in our service oriented business, our only job security comes from satisfied customers who call us in the future and also refer us to their friends, coworkers and associates. WE USE OUR HANDS AND EXPERIENCE NOT MACHINES AND CHEAP LABOR.

Once the grout lines have been cleaned and the grout opened we apply two coats of sealer which adhesives to the grout line and creates a barrier that seals your grout lines so no spills from food, drink, dirt and grime from high traffic areas (especially during the snowy seasons) will stain your grout ever again. Also with no pores for the dirt and grime to suck into will make cleaning and maintain your tile much much easier.
