View superb video of this absolutely beautiful land suitable for an Arizona Highway! Unobstructed views of Elephant Butte and only minutes from downtown Cave Creek or Tonto National Forest. Inside this gated, private area, mountains are all around you, thousands of saguaro & luxury homes are few and far between. Electricity / cable / phone almost to the property line. Buyer can split. Numerous build site possibilities per civil engineer & architect. Rolling terrain. Amazing rural beauty with civilization conveniently located close...but not too close! And yes, the land is a rarity as it is "Legal & Insurable" with evidence found on the "Doc Tab" at the upper right of your screen. Listing agent can walk the property with you with reasonable notice. Thanks for showing!
