QR Code Link to This Post Do you love to have your feet worshiped? Then I'm looking for you. I'm looking for a goddess with pretty feet between the ages of 18-45 who would love to spend time with me while I pamper and worship your pretty feet. Looking for an on going thing or even just a one time thing. I'm looking to meet up tonight. If this sounds like what you are looking for message me with a picture of your feet and what you like done to them :) a little about me. I'm 28, athletic build, have tattoos and gauged ears, I'm Latino and very.
