They sell for about \$74+ a roll

I have gone through them from their original packaging and removed the random Mercury & ugliest Roosevelt dimes that they overlooked, and as these are the last 13 rolls I have (100% Roosevelt), they are the best looking of what APMEX provided (I would keep them, but finances are forcing me to sell). So these are better than what APMEX lists at \$74+.

Selling for \$68 a roll, \$870 for all.
