QR Code Link to This Post Earn up to \$210 for participating in a UCLA research study plus get a picture of your brain!

Seeking marijuana smokers between the ages of 13-19 for a research study on the effects the Youth Empowerment Seminar (YES!) program has on the way people think, feel, and make decisions. This is not a treatment study.

PLEASE NOTE: This study is CONFIDENTIAL. No one outside the study team, including your parents, will know that you use marijuana.

- You must be between 13-19 years of age and meet study criteria to participate (determined through phone screening)
- You must be willing to complete the YES! program (2 day workshop on a Saturday and Sunday - 10am-4pm) at UCLA and travel to UCLA for 4 study visits (2-3 hours each)
- You will be paid for study-related time, public transportation, and parking
- We are conveniently located near public transportation
