QR Code Link to This Post I am looking for someone who knows how to install artificial grass. I have 10' x 25' feet of artificial grass to install for my daughters swing set.

- 1) we need to roto till the dirt.
- 2) level the ground.
- 3) spray weed killer.
- 4) compact the ground
- 5) stake down weed fabric.
- 6) put down the artificial Grass.

this is a one day job. I have already done a lot of work myself. I just need a hand with the rest of the work.

also would like to put tan bark around the artificial.
