QR Code Link to This Post Looking for a roommate to share a clean, cozy spacious apartment with. I'm a 35 years male who works and a student. The environment is friendly and very habitable - very residential. This apartment is of the Marks Apartment building at Beltsville. The apartment has two bedrooms of almost equal size with two bath with their walking closet. One bath has a door open to the living room. The room available is the one with an entirely private bathroom and a closet. I'm looking for a single individual who's a non-smoker, with at least a good credit, a job, and no pets. This person should be willing to be part of the rental lease agreement. The outside parking area is a 24 hour parking for everyone including visitors; the gated parking lot is only for merited leaseholders. Unit include a dish washer and a dryer. This new permanent cost about \$1850 and roommate will pay \$850. This amount exclude bills. (cable, electric and water bills shall be share with roommate). There's a movie cinema theater, a game room, a computer library with free printing, conference room, swimming pool, pool board in main lobby and a hall for occasion. Anyone looking for a home, can never regret this opportunity. Interested person should text me or give me a call for more details.

To understand the apartment and what you should be expecting, check out the links bellow for the similar 2 bedrooms. (check for the floor plan in the last link named Marquette)
