QR Code Link to This Post I have 1 male half lab mix and half Rottweiler puppy that needs a great home. He will have first shots and wormer before he goes but will need follow up shots and will need to be on a wormer regimen. He has been well socialized for his age (9weeks). He's been around children from 6 months to 16, chickens, cats, a pig and other dogs of different sizes. He seems to be pretty mellow in character. \$75 rehoming fee. My number is . Text is preferred if possible. He's the last of his litter due to holding him for people that were no shows twice. I will not be holding him for people.
