QR Code Link to This Post I'm selling my old truck. It currently has 150k on it and it runs and drives good it has an auto start heater works great. I bought a new truck this summer and it just needs to go. it does need some work not quite sure what the 4wd works. has good cooper tires. \$1800 obo or part trade. I also have a whole parts truck (runs&drives) that I'd throw in for a full price
