QR Code Link to This Post We have this vintage, turn-of-the-century, hand carved wooden bar set for sale.

It is 10 feet tall and 31 feet long. The back unit sits about 1 feet higher but in the picture it is just on ground.

It is from the early 1900s and comes with the bar rail. It has a marble rail and solid brass holdings. Bevel mirrors are on the bar set and marble along the bottom for a clean finish.

It has been kept in great condition. It has been removed from a restaurant and is just roughly set up for a picture.

It can be broken down into many pieces for easy transportation. It is not set up, just made to look as one but has everything included to install it once again.

I am asking \$29,000 for this beautiful.
