For quite some time my sons (6 months old) eyes were irritated come to find out that he is allergic to cats. She's a sweet little girl. Never bit anyone. Very sweet to my daughter (3 years old) and litter box trained. She is up to date on shots and worming will come with records. She is all white with blue eyes. Born June 4th 2017. Rehoming fee is \$100 she will come with a bag of food and water and food dispenser bowls, litter box and clean litter and a small litter.
