The Democrats are responsible for this by fabricating this Russian collusion thing. The Republicans want to exhibit integrity by taking these baseless accusations seriously in order to be transparent. That is why they are participating in these hearings. The real collusion has been between the Clintons and Russia, there is proof of that. I'm sure a good deal of that proof is in the destroyed Hillary hard drives.

As far as the harassment accusation, if the "victim" on the Megan Kelly show is any indication of the quality of testimony, then Trump has no worries.

Where have you been? Its been proven over and over again to be fake news. I am not going to waste my time posting examples although the latest was Brian Ross's lie. LIC? does the C stand for Clinton, CNN Corey Booker, Charles Barkley, Chuck Schumer? You really have to expand your mind and break away from MSNBC and CNN.
