QR Code Link to This Post I am a nanny with many years of experience, including working in daycare centers, operating a home daycare, and working as a nanny for 4 families. The family I was working for has moved so I am looking for a new family with 1 or 2 children, infant/toddler age preferred. I have had experience with ages newborn to 12 years. I am a non smoker, have my own transportation, and am certified in CPR and first aid. Currently, I am employed in a daycare center and would need to give notice. I am looking for a full time, long term position, Mon-Fri, 35-45 hours/week. My rate is \$15/hour. I have a portfolio with my resume, reference letters, pictures of children I have worked with, background check, and certifications. If interested, please respond to the link above. Thank.
