Santana Arriva Tandem (850 USD)

Location **Massachusetts**
https://www.genclassifieds.com/x-786575-z

QR Code Link to This Post A beautiful, totally functional bike in excellent condition. Bike has been ridden very little; almost no wear on chain, cassette, cranks, or grip tape. Captain fits me, at 6' 3", a little small. Good for a captain from about 5' 9" to 6' 3". Current stoker is 5' 9" and on the tall side for the bike. Good for a stoker from about 5' 3" to 5' 10'. Has new stoker pedals (blue) and used captain pedals. Comes with bell, water bottle cage (if you'd like another, just ask), and a new cable for the drum brake. Currently, the drum brake is disconnected (I don't need it around Mass, the hills aren't big enough), but in perfect working condition. Bike has always been kept indoors and shows no signs of rust. This was our first tandem and an awesome way to get into the!
