QR Code Link to This Post Established Latin rhythm ensemble in West Sonoma County looking for a piano player. We perform Latin jazz forms with traditional folkloric influences. Our current instrumentation includes congas, bongos, timbales, bells, Tres guitar, trombone and bass.

Our Latin rhythms and vocals are based on a variety of claves including bembé (6/8), son montuno, and rumba. An accompanying keyboard would help tie it all together.

A working knowledge of tumbao and montuno would be helpful but not absolutely necessary. We have charts to assist in mastering these patterns.

If interested, please contact:
