QR Code Link to This Post I am in search of an African American or Latino elderly woman for a photo shoot that involves three pairs of hands (mine, my daughter's and yours).The more weathered your hands are, the better. We will shoot in my Highland Park studio on Monday, January 18th from 9-11 AM with a professional female photographer. The photo is for a local, non-profit art exhibition that revolves around feminist issues. I can reimburse your transportation and give you a copy of the photo in exchange for your participation. Please send me a photo of your hands if you are interested. Many thanks!
