

Senegal parrot

Location

Florida

<https://www.genclassifieds.com/x-786686-z>

QR Code Link to This Post We seek to buy, adopt, re-home a female to add to our home. No breeding, no males.

We are non smokers, married retirees in our mid 60's, living full time in our 55+ adult community.
We are not cat or dog people and offer a clean spacious home to our new addition for the remainder of our lives.

If you seek to rehome a tame female senegal, meyers, quaker, kindly email your bird's history, your approx location and a reasonable adoption fee. We will reply with our cell number so we can talk before actually meeting. Thank.
