 Single male NAVY Veteran focused on School.

I will be attending Harvard Extension for the January 2018 session from 1-19 January. (or 20th)
 Class is M-Th in the evenings, so not disturbing anyone is of value.
 Access to mass transit will be among the most important considerations.
 Parking maybe a consideration.
 Considerate, clean and can help with repairs or otherwise reciprocity.

Can consider up to \$600 for the month, depending on circumstances. (or \$500 for the exact dates)
 Above this price makes ABB\hostels more a consideration.

I do smoke cigars, though exclusively outdoors.

Please put your name in the subject line for a response, too much spam and scam
 Thank you for your
