QR Code Link to This Post The fun little Sony Picture Station DPP-FP97 portable Dye-Sublimation photo printer creates gorgeous 4 x 6-inch photos in about 45 seconds, and can transform a home, office or any other location into a personal photo lab. This photo printer has a tilting 3.5-inch LCD screen to preview your photos and features one-button Auto Touch-Up, including red-eye correction, white balance correction and Skin Smoothing mode to make faces look their best, before you print.

This user-friendly printer accepts 25 types of memory cards, and will accept direct transferring of images from most digital cameras. This Picture Station uses the advanced Bionz image processor and features direct HDMI output for widescreen HDTV viewing. The DPP-FP97 is lightweight and can easily be transported in a carry-on bag to birthday parties or on family trips and is the perfect addition to any scrapbooking party.
