Roscoe is 4 years olds and super duper friendly. He LOVES to play all the time and be a little snuggle bug. He would be great with young kids. He's never had any medical problems. He is very healthy (and sturdy), neutered, front-paw declawed, and up-to-date on his meds. He also takes a monthly topical on the back of his neck to prevent fleas, ticks and worms. He is strictly indoors because he doesn't have front claws. However, he would definitely enjoy the occasional rendezvous outside if he's being monitored.

I can provide adoption papers and shot records. I can also provide a cat carrier and several toys (his absolute favorite are laser pointers). Please let me know if you are seriously interested! We are located in Metairie, but are willing to travel to. ðŸ’šðŸ•¼ðŸ•ˆ
