QR Code Link to This Post There is a family who have been stranded in Connecticut for a few weeks. They are hurricane victims and have sought help from churches and other agencies. Churches are saying that they are broke, and agencies are saying they must at least be residents of Connecticut for 60 days before they can help. The elderly white lady has liver cancer and severe arthritis in the knees and can barely walk. The husband is diabetic with kidney disease and gastroparesis. They must try and wait until January 3, 2018, before they can receive Social Security benefits being transferred and reopened from suspension, due to moving from a southern state, and not informing the Social Security Administration. All of their furniture and things is in the motel they are staying in. They need help paying for motel bill for two weeks, but at least one week. The bill is \$300 weekly. This is no scam as these people seriously need help. I know Connecticut isn't a hospitable state, but there has to be some people out there who can help. They can use food as well. The motel is equipt with stove and refrigerator, and they have pots and pans brought up from the south. May God bless anyone who will reach out to them. The lady's name is Mrs. Sarah. She is at the Siesta Motel in Wethersfield. Her room number is 137. May God help her. Also, if she and her family isn't helped before Friday, December 15th, they will be forced to check out and all of their furniture will be thrown on the streets. There have to be somebody with a good heart out there. She is a very sweet and kind lady. Well, if her and her family is thrown to the streets on Friday, it will prove that we as a people have loss our ability to truly love those less fortunate than ourselves, and we will have to answer to God for it. Thank you for your time and May God help us all in our love towards one.
