QR Code Link to This Post Hi everyone!

I'm looking for a female who can model unique clothing & designs. Preferably, a female dancer who can add grace & movement to the photographs. Any level applies - ballet, modern, african, jazz...your own style! We welcome diversity of all ethnic backgrounds, as well as age.

Photographer will also be female and photoshoot should be quite fun :) All photographs will be shared with you once downloaded & edited. Photoshoot will likely be indoors given the cold weather.

If you are interested please message me with a photograph of yourself, size of clothing you typically wear, & availability. Thank you <3
