QR Code Link to This Post This is going to be a part-time, contract position for someone who is very knowledgeable about social media and has the capacity to network in person as well. You will need to be reaching out to individuals through a variety of outlets and work independently. Primarily you will need to know how to build an Instagram account and target the millennial audience. However, in time there will be live events as well, and you will need to be present to help manage those as well.

There will be flexibility around the hours as long as you get the work done. This is intended to be a partnership position with LOTS of long term potential. You need to be someone who is very proactive and can see the long term potential. This position will be expanding SIGNIFICANTLY over the next 1-2 years as I am collaborating with million dollar companies and will need strong support. You MUST be dependable and take this position seriously.
