He was found eating from garbage cans in Southwest Detroit where someone obviously left him to fend for himself. Buddy is a great dog. He loves kids and gets along great with other dogs and is even good with our cat and rabbit. I'm not capable of keeping him and getting him his vaccines and fixed. I'm an animal lover that can't stand to see pets discarded like trash. Since I've taken him in he's definitely fattened up to healthy weight and is house trained. He can jump right over our 4ft fence but only comes to the front door to be let in. I used to feed my dogs Purina ONE dog food butbecause I'm feeding so many I've had to go to cheaper food brands. He's great on a leash and I will give you a new collar and leash to go with him. I'm only asking \$80 adoption to ensure he is going to a real home and to provide me with little something to go back into caring for my other animals. Buddy is super sweet and very well mannered.
