QR Code Link to This Post This is a very nice center control, i-drive / smart knob for a 5 series BMW. It was removed from a very nice 2006 BMW 525i E60. It will fit other 5 series bmw's just the same. Like 525, 530, 545, 550. (Please do your own research as to it fitting your car. As we do not accept returns). OEM part number is shown in the photos for your reference needs.
