  QR Code Link to This Post Percy is a little over 1 year old. He was adopted from Petco. He is a very sweet, affectionate bird. He requires more attention than my family can provide. As of now he eats seeds, he has been introduced to fresh fruits and veggies but prefers seeds. He will come with his large cage, remaining food, toys, etc.
 I can send pictures upon request.
 We paid total of $1,200 for cage, toys, food, bird, etc. so I will be asking for $600 for rehoming. I need to make sure that he is going to be well cared for. Please understand these birds have a lifespan of up to 38 years with proper.
