Why pay for expensive cardboard moving boxes when you can rent plastic moving boxes? That's why the Move Cheap® Cincinnati Movers created Recyclabox®, the moving box you rent! Sure, you could spend a couple hours driving to and from retailers that sell cardboard boxes, then come to find out they won't all fit in your car in one trip. Now you're wasting your time and gas money on multiple trips and still have the added hassle of unfolding your boxes, assembling them, packing them, taping them. . . it goes on and on. Not to mention what you do with your boxes once you've unpacked! Why deal with all of that when you could order a package of Recyclaboxes®? They come already assembled with attached interlocking lids and a dolly to move them around on easily. We deliver and then pick-up when you're finished, so the mess goes away too! Less hassle. Less money. Less stress on your moving day!

1. They're cheaper than cardboard boxes!
2. They're Eco-friendly products!
3. You can say goodbye to tape!
4. They're incredibly strong & easy to use!
5. No mess to clean up when you're done!

Best of all, Recyclabox® today!
