QR Code Link to This Post Male figure model available for drawing co-ops, photography classes, body painting etc. I mainly work with groups. Themed parties are becoming huge. Have a group over for Wine and cheese and paint or draw a nude male, great theme for bachelorette parties or just a ladies night. I'm open for the gay community also for the same themed parties. I have just added the body paint theme as another good party idea. Have a group paint me up. Rates and pictures available upon request.
