QR Code Link to This Post Formerly a firehouse, this property has been renovated into office space. It's located in a nice location right next to Eagle Creek Park and is very close to I-65 and I-465. It only takes about 15 minutes to get downtown.

There are (2) offices currently available (see pictures). Each office is \$550/month and includes all utilities including high-speed internet. If you need both offices, or even a third office, we can work something out.

In addition to your private office, there is also a shared conference area and a full kitchen that you can use.

Current tenants include a video production/photography company and a podcast.
