QR Code Link to This Post Attention: If your in need of any electrical or HVAC work, feel free to contact me. We are presently doing rewiring and HVAC installs in some of the flooded houses and not flooded in and around Baton Rouge, Denham Springs, and Walker. La. But the majority of work is in and around the new Orleans area rewiring houses and installing central air in homes being bought and remodeled for resale, in other words being flipped. We also handle ice machines, walk in beer coolers and freezers. We install LED lighting and Security cameras as well. You will receive honest reliable work for your money.NO MONEY WILL BE ASKED FOR OR EXCEPTED UP FRONT UNTILL THE JOB IS COMPLETE. Feel free to give me a call. I'm a army veteran and will look out for fellow vets. Sincerely, Tony. .
