QR Code Link to This Post Good morning ~ I am a Private Investor and I have leased an approximately 18,000 square foot facility which I believe would be ideal to hold weddings and events. I'm seeking wedding/event planners, caterers, etc. who would be interested in partnering and/or managing the facility. The right business relationship would include profit sharing.

I'm searching for someone who is an event planner/coordinator or caterer, who could help us execute on our vision to better utilize this facility. We would consider various employment or partnership opportunities.

Please respond accordingly, detailed information to include past and current experience in the wedding, event planner/coordinator or caterer industry would be appreciated. Also, please provide your telephone number and the best time to contact you.
