

1991 Chevy Chevrolet S10 Pickup Auto 4x4

Location **Missouri**
<https://www.genclassifieds.com/x-788099-z>

QR Code Link to This Post I bought this and was told it ran and drove fine, just needed a few things. On the way home, transmission gave out. Now there is a loud click while running. I thought it was a knock, but when the transmission engages it stops. I really don't know. The 4x4 works, rims are nice. Truck has rust, but is in good shape. Now for what I know it needs. A front strut is broken, but only bangs on bumps. Clean title, starts and runs (Needs a transmission). AS IS due to the issues mentioned. 230K miles.

It is in De Soto. \$275 Cash firm, found something else so looking for a quick sell. Nothing less, I found a salvage yard that will give me \$300, and will take it after Christmas. I am now asking \$275.00 (Which is \$300 they will give me minus what it would cost me to rent a dolly and tow it there.)
