QR Code Link to This Post Roommate that was signed up to take this room fell through! The house is a 5 bedroom, 4 full bath and is extremely wide so there is a ton of space. The main floor living space has a fantastic kitchen and big living room with a large tv. The is also a large brand new roof deck. The room has shares the master bathroom with 1 roommate that has double sinks, a large shower and a jetted tub. The other roommates are all 20's young professionals, so the preference is for another male roommate. Rent is \$690 + utilities (BGE, water, comcast and monthly maid service), which usually comes to around \$160-170 total. If you have any questions or want to come take a look feel free to email me!

Thanks
