   QR Code Link to This Post I'm moving aka: losing my drum playing space. I'm seeking someone's basement or heated garage to play my drums in. If you have anything available and it is lockable, then please email me. I'm willing to pay $100 per month to rent the space. Location is important as it has to be on or near the bus line. Alton IL. ONLY. So if anyone is a musician and/or knows of a place I can rent to play, let me know. It will be used 3-4 hrs per day. If it is in someone's house, I could play while your at work. I'm trustworthy, a Christian, only there to play my drums (advanced drummer, spent $2600 in lessons, don't wanna give it up). So if anyone has anything, email me.
